PORT MOURANT - 2010/2022

A medium bodied rum distilled in a double wooden pot still, with a moderately estery character enhanced by a finish for 22 months in refill Oloroso. At the nose it's fruity, apparently sweet, easy and pleasant: not an aggressive or spicy profile, on the contrary it's quite raisiny and reminiscent of an old sherry-malured whisky. There is also a slightly earthy note, from the cask. At the palate it's fairly winy and tannic, but not blatantly marked by the sherry. It remains dry, with notes of liquorice, sandalwood and lavender.
