SAVANNA - 2005/2017

A rich rum made from molasses, distilled and fully aged at Savanna on Réunion Island. The nose is unexpectedly aromatic, dark and spicy: cinnamon, fermented fruit, raisins, and oak. At the palate it has an initial sweetness, then it steers toward a more balsamic style, full of medicinal herbs, black liquorice and a hint of lavender.

AGEING Tropical	CASK TYPE 2nd fill Cognac	ORIGIN Réunion	DISTILLED FROM Molasses
EXCLUSIVE FOR Italy			

TROPICAL AGEING

This rum has been fully matured at the distillery of origin, in a Tropical climate. The effect of the warm weather and humidity speeds the maturation process and the interaction with the oak of the cask: the result is a rum which is already perfectly mature and fully expressive at a relatively young age, and a very bold flavour profile which differs from that of rums which have been aged only for a period in the Tropics and then in Europe for the remaining maturation period.
